ACT College Readiness Benchmarks
 Readiness Benchmark
 If the student's score is at or above the Benchmark, he or she will likely be ready for first-year college courses in the corresponding subject area. There are currently no Benchmarks for ELA or writing.

Student's Score Range
 Test scores are estimates of the student's educational development. Think of true achievement on this test as being within a range that extends about one standard error of measurement, or about 1 point for the Composite and writing scores, and 2 points for STEM, ELA, and the other test scores, above and below the student's score.

Ranking Results

The student's ranks tell you the approximate percentages of recent high school graduates in the US and your state who took the ACT® test and received scores that are the same as or lower than the student's scores. For example, a rank of 55 for the student's Composite score means 55% of students earned that Composite score or below.

Detailed Results

Understanding Complex Texts: This indicator lets you know if the student is understanding the central meaning of complex texts at a level that is needed to succeed in college courses with higher reading demand.

ACT Composite Score: ACT math, science, English, and reading test scores and the Composite score range from 1 to 36. For each test, we converted the student's number of correct answers into a score within that range. The student's Composite score is the average of his or her scores on the four subjects rounded to the nearest whole number. If the student left any test completely blank, that score is reported as two dashes and no Composite score is computed.

STEM: Science, Technology, Engineering, and Math | **ELA:** English Language Arts

ACT Readiness Range: This range shows where a student who has met the ACT College Readiness Benchmark on this assessment would typically perform.

Progress Toward the ACT National Career Readiness Certificate™

Based on the student's ACT Composite score, this indicator provides an early estimate of future achievement on the ACT National Career Readiness Certificate (ACT NCRC®). The ACT NCRC is an assessment-based credential that documents foundational work skills important for job success across industries and occupations. Visit workforce.act.org/credential to learn more.

The student is making progress toward a Gold level on the ACT NCRC.
